Project Timeline:

Contract A16—Grinder Pump

Done

**Contract B16—Water Main /
Sanitary Sewer**

USH 141 and Tyler Rd

USH 141—Main St to Pine St

April 24—June 25

Progress for Week of July 3, 2017

USH 141-Entire Project Area - Contract B16

- Landscape and Pavement Restoration
- Testing and Cleanup

GENERAL NOTES:

1. General Contractor is: Jake's Excavating, Ironwood, MI. for water main construction and Dorner, Inc. for the grinder pump construction at the Menominee River
2. Please remember to avoid construction traffic, if possible, not only for your safety, but for ours as well.
3. The Contractor will notify you prior to limiting the access to your driveway.
4. Access to driveways will be limited when working in front of your property. Please ensure to have your vehicles, trailers, etc. moved to a safe location prior to the start of the day. If you need special access, please ensure to contact the Cedar field representative or Thad Majkowski, Cedar Corp, prior to the start of construction.
5. The City is coordinating with the mail carrier and garbage pick-up to ensure deliveries and pick-ups will not be affected by construction.
6. The Contractors will be working from 7 AM to 6 PM within daylight. Some days may vary.

Looking north at end of milling on Tyler

**This project is being funded by
USDA – Rural Development
and Wisconsin CDBG funds.**

Looking Ahead: Schedule for Week of July 10, 2017

USH 141-Entire Project Area - Contract B16

- Landscape and Pavement Restoration
- Testing and Cleanup
